### CREAM OF NEWS.

**Fractured Her Wrist.**  
Mrs. E. N. Fruit, wife of Dr. Fruit, the dentist, slipped on the ice, while walking in her yard Wednesday, and the bones in her right wrist were badly fractured.

**The Wootton Case.**  
The friends of Brame have retained Feland & Son to assist in the prosecution of Tom Wootton. Mr. Wootton's attorneys are C. H. Bush and Wood & Son.

**To-day is Groundhog Day.**

Next Tuesday will be the regular Groundhog Day, and unless there is a sudden rise in the temperature the groundhog will be a fool to venture out, shivering and in shadow.

**Jurors At Owensboro.**  
H. B. Clark, of Gracery, H. B. Rogers, of Era; Jas. A. Boyd, of Kelly, and Sam Dulin, col., of Empire, are attending federal court at Owensboro this week as jurors.

**His Fame Comes Home to Roost.**

John Linn, formerly of this county, is now an officer in the Cuban army. He recently planned and executed a dynamite abduction in the province of "Our Del Rio" by which 200 Spaniards were killed.—Paducah Visitor.

**Returned From Texas.**

Casky, Ky., Jan. 28.—Mr. Harry Rives and family, of Abilene, Texas, has returned to this county and Mr. Rives will operate the Kelly farm this year. Mr. Rives is a son of Mr. R. F. Rives, of this place. He married in Texas and his family consists of wife and two children.

**Five Divorce Suits Filed.**

Four divorce suits were filed in the circuit clerk's office Wednesday, and one on Monday, making a total of five for the week. The parties are all colored. There are already about a dozen suits of this character to come up at the next term of the court, and there are three weeks more in which to file suits for the term.

**Drop In Wheat.**

Wheat has been steadily declining for a week, in spite of the fact that people are still starving in India. The price of May wheat has fallen in a week from 85 to 75 cents at Chicago. The snow is given as an excuse for bearing the market. The decline of 10 to 15 per cent, may or may not reduce the present abnormally high price of flour. Cheap wheat doesn't always make cheap flour.

**Bryant Brothers Filed.**

Bob and Lawrence Bryant, both colored, and half brothers, were each fined \$5 and costs for breach of the peace, and \$25 and costs for carrying a pistol. The two negroes engaged in a fight at Gracery some time ago and took a shot or two at each other, but did no damage. Their trial was held before the County Judge Tuesday.

**Sun Will Be Darkened.**

Two eclipses of the sun are scheduled for this year. The first one occurs on Monday next, Feb. 1, and what is known as the annular or ring eclipse. The eclipse will be visible to North America south of a line drawn through Boston, Memphis, and La Paz, Lower California. It will be best observed in this country from the Southern States. The second eclipse is due July 29, and will be visible in all parts of the country.

**Esq. Myers Very Low.**

Crofton, Jan. 28.—Esq. Geo. H. Myers, justice of the peace in this district, is critically ill at his home a few miles east of this place. His illness has taken such a serious turn that his friends are extremely uneasy about the result. Esq. Myers is the most prominent man in North Christian. He has been a leading Populist for several years, and is very popular with all parties. His name has been frequently mentioned as a proper man to run for county judge on the fusion ticket.

**The City Directory.**

The city census for the Directory is nearly complete and those wanting names in the directory should order at once, for after going to press changes cannot be made. The directory will be the authority for the next two years at least. It is only a question of time when numbering will be compulsory on account of free mail delivery. Orders for numbers may be left at this office, for Mr. Thornton. All persons changing their residences are also asked to notify this office, in order to have their correct numbers in the directory.

### "THE FIRST BATTLE."

Mr. Heyman's book "Nearly Ready—Synopsis of Its Contents."

Chicago, Jan. 15.—The last page of "The First Battle" W. J. Bryan's book has gone to press and the publishers expect to have the first copy bound in about a week. The book embodies the story of the campaign of 1896, its most important events and issues, including most of the noteworthy incidents of Bryan's famous tour over the United States. It also contains the principal addresses and documents relating to silver and some of Bryan's speeches. Considerable space is given to his connection with the silver agitation while in Congress and prior to the Chicago convention, and to the discussion of election returns and an analysis of the political situation.

**Those Penitentiaries How.**

A fresh lot of scoundrels have been unshowered in the Lexington asylum this week, involving Dr. Melvin Risher, assistant physician, a son of Supt. Scott, and others. The Bradley administration has so far been a stormy one. Investigations have been held and unpleasant disclosures made in both penitentiaries and in two out of the three asylums. While the troubles in some of these institutions may not be of a serious character, they go to show the lack of discipline and efficiency that characterize the conducting of affairs under Democratic administrations. In some of these cases petitions are being circulated, even among Democrats, to resist the conduct of the Governor, even before the official reports have been filed. It would be well enough for Democrats to keep out of these Republican rows, at least until the full facts in all the cases have been laid before the public.

**Sure Enough Cold Wave.**

There is no longer a complaint that the present winter is too mild. A sure enough cold wave came Sunday and has been getting worse ever since. The mercury has shown the following records this week:

Monday morning,	5 deg. above zero
Tuesday	" 9 " "
Wednesday	" 5 " "
Thursday	" 3 " below "

There was a good ice spell by Tuesday and all who cared to do so have filled their ice houses with ice from 3 to 5 inch cubes. About two inches of snow fell Tuesday night and for the last two days sleigh bells have been jingling for the first time this season.

**Great Distress From Cold.**

The present cold wave, which has been growing worse all the week, is almost continental in its extent. The entire country except in the territory Southwest of the Rocky Mountains seems to be having a succession of blizzards, snowstorms and bitter cold waves. Even down as far as Northern Florida the mercury has approached the freezing point. In all parts of the country there has been much suffering and distress from the cold. A hundred thousand people in Chicago are being looked after by charity organizations and in other large cities it is even worse. People are actually freezing to death for want of fuel and clothing in a dozen or more States.

**Man Dies From Exposure.**

Crofton, Jan. 28.—Coroner Allenworth was summoned by telephone to come to Crofton to hold an inquest over the body of a negro man named Allen Dulin, who was found frozen to death by the side of the railroad track, half a mile from Crofton. The coroner arrived on the 11 o'clock train to hold the inquest. Dulin was a section hand, who worked at Empire Wednesday just started to walk to Crofton about 6 o'clock. He was subject to spells of heart disease. He was not struck by the train.

**Mary France Not Free.**

The examining trial of Mary France, the colored girl, who was arrested and placed in jail here, for the killing of Jacob Vaughan, near Fairview, came up before County Judge Breathitt Tuesday morning at a verdict of acquittal, as it was proved that the shooting was accidental. The statement of Vaughan, made just before death, exonerated her from all blame, and other testimony corroborated this.

**Judge Cook Will Run.**

Murray, Ky., Jan. 28.—Judge Thos. P. Cook, of this place, has formerly declared his candidacy for circuit judge. Mr. James H. Coleman is in the race for county attorney and will not be a candidate for county wealth's attorney. Callaway will probably instruct solidly for Cook and give no other instructions.

**Warrants Dismissed.**

The warrants against Herb Brown, G. W. Putman and Mack Stierman, charged with trespass, etc., were dismissed when the case was called for trial Tuesday. They were charged with destroying property belonging to Mr. J. M. Crunk, of the Johnson's mill country, and committing other depredations.

### IN NIGHTCLOTHES.

JOHN L. RENSHAW'S HOUSE BURNED NEAR CROFTON.

A Close Call for His Family—Nearly Time To Rush out in the Cold and Snow Without Dressing

—Total Loss.

Era, Ky., Jan. 28.—The dwelling house of John L. Renshaw, not far from this place and six miles west of Crofton, was destroyed by fire this morning at a very early hour. The family were aroused from sleep by a crackling noise and the house was discovered to be on fire in the top and the roof almost ready to fall in. The house was hastily vacated, some members of the family having so close a call that they escaped in their night-clothes with the mercury at 3 degrees below zero. Nothing at all was saved from the house. The loss will amount to \$2000 or more, with no insurance. The house was one of the best in this neighborhood.

**An Invitation to Subscribe.**

This issue of the Kentuckian will be sent to a great many people who are not regular subscribers. If you receive one of these sample copies, and are not already a regular reader of the Kentuckian, give it a careful perusal and perhaps you may be led to subscribe. In order that you may have an opportunity to give the paper a trial, we will send the Kentuckian twice a week for three months for 25 cents. This proposition will be withdrawn in thirty days, or on March 1st. The Kentuckian is now in its nineteenth year, and its circulation is established in the good opinion of the people, whose cause it has always espoused. Although it has pronounced political views and does not hesitate to express them, it is above all a newspaper, fair, impartial and conservative. It strives to give accurate news and present it in a readable style. Those who are unfamiliar with the Kentuckian as a news medium, into whose hands this issue may come, are invited to give it a trial, with the assurance that they will not have to kill the editor and burn the office in order to stop the paper. At \$2 a year for 104 papers, the Kentuckian is a very cheap paper. Clubs of five or more are given a discount of 25 per cent. You ought to be a subscriber to your county paper, if you are not, why not? Send us your name.

**The C. & W. Get It.**

Indianapolis, Jan. 27.—The Ohio Valley railroad, from Evansville, Ind., to Hopkinsville, Ky., 130 miles in length, will be sold at judicial sale at Henderson, Ky., on June 1. John E. Hart and James Quarles are to conduct the sale. The agreed price will be \$1,050,000, and the cash deposit from the bidders must be \$100,000 in each instance.

These railroads were given out this afternoon in the United States court here.

The C. & W. system will buy up the Ohio Valley.

**Epidemic of Fires Tuesday.**

On last Tuesday there were great conflagrations in several cities, a regular epidemic of fires seemed to sweep the country that day. Philadelphia was the heaviest loser. The heaviest losses were as follows: Philadelphia, \$2,200,000; Chicago, \$291,000; Lincoln, Neb., \$100,000; New York, \$70,000; Toledo, \$58,000; Kokomo, Ind., \$50,000; Poland, N. Y., \$30,000; Chester, Pa., \$20,000; Fort Payne, Ala., \$20,000; Louisville, \$10,000.

**Child Fatally Hurt.**

The four-year-old son of Don Davis, a coal miner at Empire, was so badly burned Wednesday morning that he died of his injuries. He was standing by a grate when his clothing caught on fire and before assistance came the little fellow was enveloped in the flames and his clothes were burned off his body.

**Lost Option Vote to Be Taken.**

Judge John Feland handed down his decision in the circuit court this morning sustaining the demurrer of the prohibitionists to the writ of prohibition sued out by J. W. M. Field and others. This knocks out the whiskey men for the time being, though they will exercise the courage of their convictions and come again. Owensboro Press.

**Hanbery Will Run.**

Judge J. T. Hanbery has declared his intention of entering the race for the Democratic nomination for commonwealth's attorney at the next third judicial district. He returned from a visit to Murray Wednesday night. Mr. W. R. Howell will also be a candidate.

**A Young Mother.**

Crofton, Ky., Jan. 27.—Mildred Martin gave birth to a child yesterday. She is only fifteen years old and has been married ten months.

A coal war is on at Lexington.

PUBLISHED FRIDAY AND THURSDAY MORNING  
CHAS. M. MEACHAM  
PRINTED BY THE SOUTHERN MAIN STREET  
FRIDAY, JAN. 20, 1897.

Peffer's successor in the Senate from Kansas will be W. A. Harris, a Populist.

Senator Jan. P. Jones has been re-elected to the Senate from Nevada, receiving all of the votes but five.

Mrs. Haugerford, the Irish Authoress, who wrote under the nom de plume of "The Duchess," is dead at Dublin.

Senator Viles, of Wisconsin, will be succeeded by Jno. C. Spooner, Republican. The Democrats voted for W. C. Silverthorn.

The Ohio Valley railroad will be sold June 1. The Illinois Central is almost sure to buy it, as the L. & N. cannot acquire it under the highest count.

The Bradley Martins are to give a unique ball in New York Feb. 10 that will cost \$300,000. This is a city where 100,000 people are starving and freezing to death.

The Nevada legislature has passed a bill permitting glove contests in that state, the license being \$1,000. This will be the only state where prize fights can be pulled off under the law.

South Carolina's new Democratic Senator, to succeed Irby, will be Judge Jos. H. Earl. He had no opposition, as he was formally nominated in a primary election last summer.

Cleveland has slapped Congressman Berry in the face by appointing W. H. Helm as postmaster at Newport, although Berry recommended a Democrat for the place. Senator Blackburn will see that the nomination is not confirmed.

President Cleveland's distinguished protégé, ex-Queen Liliuokalani of Hawaii, paid him a social call last Monday. She inquired for Mrs. Cleveland, but that lady had "gone out walking," although the mercury was down close to zero.

Philadelphia was visited by a great conflagration Tuesday morning, the worst in a generation. More than sixty buildings were burned and several lives lost. The loss will exceed \$2,500,000, most of the heaviest losses being fully covered by insurance. Wunsamaker's establishment was damaged, but not destroyed.

Jeter C. Pritchard, the Republican Populist Senator from North Carolina, just re-elected, walked into that state as a tramp printer 23 years ago with only one dime in his pocket. Pritchard was elected by Populist votes. He is a high tariff Republican, but pledged himself to vote for free silver. He voted for McKinley last year.

The Democratic committee of Hopkins county has called a primary election for the first Monday in August. The fusion with the Populists fell through, but the Populists were invited to take part in the primary election upon equal terms with the Democrats. The proposition was conveyed to the Populist committee, but was declined. This is not regarded as the end of negotiations, however, and something in the way of fusion may yet be accomplished.

"Jack the Huggler" has been keeping Corington stirred up with excitement for some time, by forcibly catching and hugging young ladies caught walking by themselves on the streets. Many girls have recently been hugged, and it is said some of them have not made much effort to avoid the dark sides of the street. The mystery has at last been solved and the "Huggler" captured in the act, so to speak. He turned out to be a cranky young fellow, whose mind was unbalanced by cigarettes and dime novels. He was put under a peace bond of \$100.

WHEREAS H. B. 1897, 1893.  
Thomas Kern, Went Five Hundred Miles to See the Grave.

While Thomas W. Kern, the tragedian, was in Paris, he investigated some of the trip-tick shows there. Somebody in one of the shops told him of Hamlet's grave, and he determined to visit it, although it was some 500 miles out of the way of his intended route. Marley was a little village a mile and a half from the ancient fortress of Heslinore, the Elsinore of Shakespeare's tragedy. It is directly off the Baltic, and but a few miles from Copenhagen. In a small pine wood skirting the village Kern came upon the object of his quest, a truncated cone made of rude stones, nine feet at the base and four at the top, from which springs a monolith granite, on which is cut in quaint, Danish old-time letters: "Hamlet's Grave." The village who acted as guide seemed to have no knowledge of Hamlet, except that he was a great warrior. It was a wild, weird spot, lonely and gloomily enough, as the wind from off the Baltic howled and shrieked through the trees, keeping their sentinels over the lonely mound. Just such a spot as Shakespeare's melancholy Dane would have chosen for his final sleep. At himself of the Shakespearean sentiment which seemed to pervade him. "Nothing could have more powerfully illustrated the impress which Shakespeare has left upon the world," said Mr. Kern, "than this visit to Hamlet's grave and the old castle platform. Hamlet is rather a common name in Denmark, and the grave under the pines may or may not have been that of the Hamlet of our Shakespearean love and reverence. The belief that it is really so is certainly encouraged by very many people of repute." Be that as it may, it did not interfere with Mr. Kern's belief. He had traveled 500 miles to find Hamlet's grave, and you could not shake his belief that the veritable Hamlet's dust lay there that he could destroy his faith in the authorship of Shakespeare's plays.—Kansas City Times.

Miss Sue Moss, a Paducah girl of a good family, confessed on her deathbed that her death was the result of a criminal operation performed by Hannah House, col. The woman is in jail.

Judge T. J. Nunn has written a card asking his friends to give him a little more time to make up his mind whether or not to run for circuit judge. Hon. Polk Laffoon and Wm. Marbie are already candidates.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. THE LOUISVILLE DISPATCH.

TO BE STARTED

MARCH 1, 1897,

Will advocate true Bimetallism and will support all Democratic nominees—National, State, District, County and City.

There is not a metropolitan paper in Kentucky that advocates the paramount issue before the American people—the FREE COINAGE OF SILVER—the doctrine which is favored by two-thirds of the white people of Kentucky, two-thirds of the intelligence, and two-thirds of the property holders of the State.

That a daily paper, representing the idea in accord with nine-tenths of the Democrats of Kentucky, should be started, then, can be easily seen. If you are a Democrat and favor the Free Coinage of Silver, and are tired of being called a repudiator, fanatic, or traitor, if you are tired of the Democratic papers of Louisville, encourage the new paper by subscribing for a little of the capital stock thereof.

SHARES \$25.

First call 25 per cent; calls thereafter 10 per cent. per month.

Samuel J. Clemens, known in literature as Mark Twain, is now living in London at the age of 64, poor in fortune and broken in health. He is living in poverty and writing a book to fight the wolf from the door. He is handicapped by the fact that his best efforts in humorous writing were among his first work. In other words his style of humor has become to be funnier. What the public is clamoring for nowadays is something on the order of Block's "Yellow Kid," or—excuse our bluntness the Kentuckian's Halfheaded Club.

Pierce Taylor, a negro who attempted the life of Miss Emma Gilmore of Tallahassee, Fla., was lynched by a mob. He dragged her out of her buggy and took her into the woods. She escaped while the fiend was disrobing her in a deliberate manner, by a respectable old negro who was hunting in the woods.

The New York grand jury indicted Herbert Barnum Seely, James H. Phipps and Theodore Rich for conspiring to procure the indecent exposure of women at the famous Seely dinner.

Miss Sue Moss, a Paducah girl of a good family, confessed on her deathbed that her death was the result of a criminal operation performed by Hannah House, col. The woman is in jail.

Judge T. J. Nunn has written a card asking his friends to give him a little more time to make up his mind whether or not to run for circuit judge. Hon. Polk Laffoon and Wm. Marbie are already candidates.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one devoted disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, P. J. Cheney & Co., Toledo, O.

Sold by Druggist, 75c.

More  
Additional value in a bottle of Hood's Sarsaparilla than in any other preparation. More still is required, more care taken, more exposure incurred in its manufacture. It costs the proprietor and the dealer more than it costs the consumer, as, as a rule, it costs more to do for his money. More curative power is secured by its peculiar condition, proportion and process, which make it superior to itself. More people are cured and more space occupied in its Laboratory than any other. More wonderful cures effected and more testimonials received than by any other. More sales and more increase year by year are reported by druggists. More people are taking Hood's Sarsaparilla today than any other, and more are taking it today than ever before. More and still more reasons might be given why you should take

# A Few Facts for Sensible People Who Aim To Save Money.

It takes Gumption, Grit and Glory to Fire the Big Gun, but it shall be Done for Your Benefit. Listen to the Crash of Those Falling Prices! Note the Boom of our Rushing Business! Hear Report of Delighted Buyers!

## We Float the Banner of Supremacy Above Our Annual Clearance Sale.

### PREPARE TO BE PLEASED.

It's a blessing to be within reach of such an opportunity. We make prices which you cannot resist.

In absolute bargains it eclipses them all. Our Annual Inventory brought out the fact that in many lines we are too heavy stocked at this season of the year. We have determined to reduce them in order to make room for our Spring Stock. We have not permitted greed for profit to deter us in the least. We have made up our minds to let them go, Profit or no profit, Cost or no Cost.

### Ready with Our Bargains.

Above us stands no competing stock, below us lie no competing prices; we will commence with bargains, we will continue with bargains.

## FIFTEEN DAYS of Bargains Unequaled in History!

601-507 PLUM ST., CINCINNATI, O.  
Be sure to mention this paper.

While the Kentuckian is heartily in favor of fusion between Democrats and Populists in all the counties of the State, it wishes to warn Democrats of the danger that would follow any surrender of the Democratic device. In no county should the concessions to the Populists extend that far. Even the plan adopted in some counties of retaining both devices and leaving blanks to show the fusion, is a very risky business. If the Democratic device should be left off in any county by the local committee it would still appear upon the ballot over the name of the nominee for clerk of the court of appeals and there would be nothing to prevent goldbug independents from nominating a full ticket, claiming to be Democrats, and having their ticket put by petition under the roster. Even in the case of fusion arrangements like those agreed upon in Henderson county, vacant places being left on both tickets, each party retaining its own device, the fusion can be greatly interfered with by dissatisfied Democrats or Populists having their names put in the vacant places under the device by filing petitions. The safest and surest plan is for the Populist nominees to be regularly nominated by the Democrats and to have all of the fusion tickets placed under the Democratic device. With 20,000 Democrats and 20,000 Populists in the State, there should be no hesitancy in adopting this course in all of the counties as the only safe one. The moment a local Democrat abandons the device, a goldbug is liable to grab it and claim to be the only genuine article in the market, and in the bottle. Those whose principles do not differ from the Republicans must be kept off the Democratic tickets.

A DEED IN HUSBAND.  
Sherman, Tex., Jan. 22.—Thomas Rowe was sentenced to a four-year term in the penitentiary for disposing of mortgaged property, but previously voluntarily confessed in writing that he was at the age of 25 years, the husband of sixteen living wives, only one of whom is divorced, and the father of nineteen living children.

This is the story he told. He was born in Green County, Ark., in 1870, and now 26. When 18 years of age he was married at Purcell, I. T. I soon tired of my wife and married another. She did not suit me and I made another draw in the matrimonial lottery with the same result. I kept this up until I seemed to run a mania for marrying women and leaving them. I suppose the disease was called azoospermia. Finally I married a girl in Hill county, Texas, whom I really loved. Her maiden name was Ella Bennett. I intended settling down and living with her, but my business forced me to leave and through force of habit, I suppose I married again.

My oldest child is seven and the youngest is barely six months old. He was born in Hill county. I could not tell, without some time for thought, how many are boys and how many are girls. There are nineteen of them and they are all living. At least, I correspond with most of their mothers, and have not heard of a death in any of my various families. I married for two years as deputy United States marshal under J. J. Dickerson, in the Indian Territory, but was only married once there. With one or two exceptions, the longest time I have lived with any one wife was about three months. I have no hesitancy in stating that, so far as I am concerned, marriage is a failure. I am just now not a candidate for matrimony.

The wild onion has taken hundreds of acres of land lying along Cox Creek in Spencer county. It grows in such profusion that farmers thus far have been unable to kill it out. Flour made of wheat that is grown on the wild onion land smells of onion, even after it is made into bread and cooked.

JUST A LITTLE STORY.

There Was Some Excitement But Not Worth Talking About.

Just as the train was leaving Porter's hill a man who had come up on horseback, apparently riding for his life, dashed himself off and boarded a car not two minutes ahead of a gang of 20 men in pursuit. They shouted and gestured and fired their pistols, but the train pulled out with the man aboard. The passengers were naturally anxious to know what it was all about, and pretty soon the fugitive was the center of a group of eager questioners. He was a middle-aged man and not at all excited. When asked for his story, he replied: "I haven't much of a story to tell. I was over at Blanko this morning and a critter wanted me to take a hand in a game of poker. I cleaned him and he pulled a gun on me. That's about all."

"But something must have followed?" persisted one.

"Yes," in course. "Behn' he was goin' to shoot, I shot first. That's all."

"But didn't they arrest you for the shooting?"

"Well, the city marshal was sent to, but I shot him through the hand and shoulder and got away. I guess that's all."

"But it can't be. You were pursued by a lot of men."

"Yes, I was. They wanted to hang me, you know, but I objected. That's the full yarn."

"But you were on horseback?"

"Yes, when the crowd took after me I jumped on a horse and escaped. Pretty good horse, that was. That's all."

"And how far did they run you?"

"About 15 miles."

"And they shot at you?"

"Oh, yes. They shot at me and I shot at them."

"Was anybody hit?"

"I dropped three of 'em, but I don't know how bad they were hit. That's all the story, gentlemen."

"Then you killed at least one man, wounded four, barely escaped lynching and don't call it much of a story?" exclaimed the questioner.

"Well, it's a story, of course," replied John D. Curtis, "but I don't wish to talk about it."—Philadelphia Press.
